Dear Madam Chabli Mongia

I wish to apply for the trainee position at your company. Actually i'm an IT Engineering Student. Please find enclosed my CV for your consideration.

As you will see on my CV attached, I completed my bachelor's degree in Mathematics in 2015 and started my 5-year of computer engineering at ESPRIT - École Supérieure PRivée d'Ingénierie et de Technologie .

I believe that the knowledge I gained through the course and skills that I picked up can be helpful.

I am interested in your company because it directly appeals to my passion for working in a new field such as Consulting to broaden my knowledge and deepen my interests in this sector, and learning interest by working in a fast-paced environment.

In addition to my background, I held an traineeship in STAR - Société Tunisienne d'Assurance et de Réassurance who provided me with significant practical experience to work as a foundation to build my career in financial informatics.

I remain at your disposal for any maintenance or request for additional information.

Pending a favorable reply from you, I beg you to accept, Madam, the expression of my highest consideration.

Sincerely

*Midani Rania*
